REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art fails to disclose applicant's step of modifying a wireless system's Quality of Service in based on a network parameter that meets a predetermined threshold. No obvious combination of references found would have taught one of ordinary skill in the art to make and use applicant's method as claimed.

No where did examiner state in the Office action of 17 July '07 that the reference relied upon to reject claims 1-3, 15, 16, 20, Immonen, disclosed altering the QoS in response to a network parameter/metric meeting a certain threshold. Applicant added this language to the claims in the amendment dated 10 OCT '07 to read over Immonen. Examiner stated in the Office action that Immonen's QoS could be adjusted for real-time traffic, which read upon applicant's initial phrase of adapting the QoS in response to a loading condition.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Creighton H. Smith whose telephone number is 571/272-7546. The examiner can normally be reached on M-F, alternate Fridays off.
